RE: File # 2005-01235, Camelot Shore Dr., Farmington  
Tax Map/Lot # R6 / 193 & 154

Dear Mr. Morgridge:

On May 31, 2005 the New Hampshire Department of Environmental Services, Wetlands Bureau ("DES") received photographs documenting the following:

1. A slurry was flowing down Camelot Shore Drive from a Clearwater Artesian Well Company Inc. drilling truck, located on Camelot Shore Drive, more specifically referenced as Farmington Tax Map # R6 Lot # 193.
2. The slurry was flowing off of Camelot Shore Drive into a wetland on a property located on the shorefront of Baxter Lake, more specifically referenced as Farmington Tax Map # R6 Lot # 154.
3. No erosion controls or sedimentation controls were in place to prevent the slurry from entering adjacent wetlands or surface waters.

On June 21, 2005 the New Hampshire Department of Environmental Services, Wetlands Bureau ("DES") inspected the properties. The purpose of this inspection was to determine whether violations of RSA 482-A and Administrative Rules Wt 100-800 had occurred.

As a result of the inspection the following violation was determined:

1. No erosion controls had been installed on Lot # 193 or along Camelot Shore Rd. resulting in the flowing of turbid waters, associated with the development of the property, into a jurisdictional wetland.

This Notice of Past Violation ("Notice") is to inform you that the violations referenced above have been documented and will be maintained on file at DES. No further action is required of you relative to these violations and DES will take no further enforcement action at

this time. This Notice is being sent to help you avoid similar violations in the future so as to protect wetlands and surface waters from unregulated despoliation before violations occur.

In an effort to promote better understanding and compliance with wetlands laws and rules, DES provides an "inspector of the day" service available to the public to address technical questions related to wetlands regulation. This service is available Monday through Friday, 8:00am to 4:00 pm by calling (603) 271-2147. DES encourages you to make use of this service as well as our website (<http://www.des.nh.gov/wetlands.htm>) before undertaking future work on your property.

If you have any questions regarding this matter, please feel free to contact Stacey P. Herbold at [sherbold@des.state.nh.us](mailto:sherbold@des.state.nh.us) or (603) 271-4062.

Sincerely,

A handwritten signature in black ink, appearing to read 'Collis Adams', is written over a large, bold, black-outlined word 'COPY'.

Collis Adams, CWS
